

apparellight

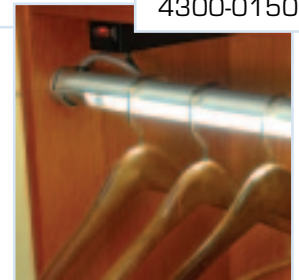

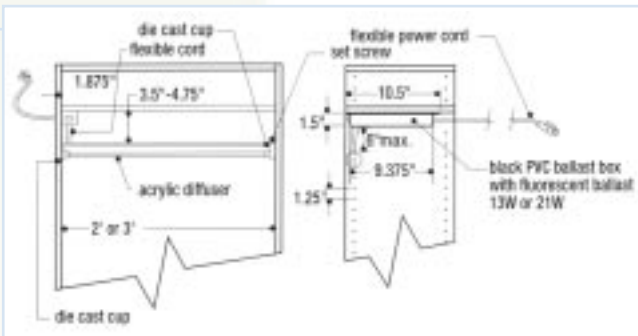

The Apparel Light is an attractive and functional lighting solution for retail displays and organizational spaces. Available in two standard lengths (2' and 3') and two standard finishes (satin aluminum and satin gold), this ready to install unit comes complete with a 13 or 21 watt full spectrum T5 fluorescent lamp, ballast box with lighted on/off switch, power cord, and mounting cups and screws. Just install the fixture and plug into a standard wall outlet. It's that simple!

at a glance
