

Project:	Type:
Item. No.	
Location:	
Notes:	

slideline

standard features

electrical

- Operating voltage: 24V
- 8' driver connecting cable for each track section
- Dimming and non-dimming driver options available
- Can power up to 3 lamps with 6W driver, 8 lamps with 15W driver, 11 lamps with 20W driver and 17 lamps with 30W driver
(Note: number of fixtures limited by track length)

lighting source

- LED
- Lamp color temperature: warm white (WW)
- Life: >35,000 hours

housing

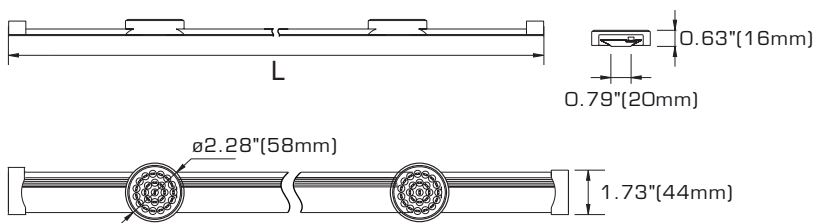

- Aluminum, plastic
- Finish: black (BK), satin aluminum (SA)

mounting/installation

- Hardware included
- Kits include LED fixtures, driver, connecting cables, end caps and mounting hardware

warranty/certification

- 3 year warranty
- cULus listed
