# *LightWave*

Flexible, modular light sheet

Unleash your creativity with Specialty Lighting's *LightWave* sheets. This incredibly adaptable lighting brightens any space in a snap.

Bendable like a wave of light, this adhesive-backed sheet brings a new level of versatility to illumination. It's the perfect option to create even light distribution across a large surface area, following the bends and curves of your space.
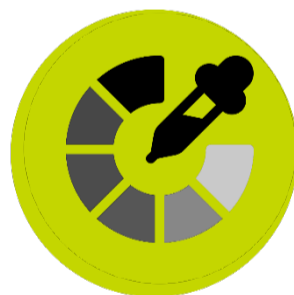

Flexible Design

Cuttable and bendable, our flex sheets can become virtually any shape.

Super thin (LESS than 7mm!) and flexible design for easy integration into any environment.

Effortlessly mountable on a range of surfaces, such as walls, ceilings, and furniture. Ideal for backlit applications.

Customizable Color

Choose from single-color, tunable white, and our RGBW option, which offers a spectrum of colors to create the perfect mood.

Dimmable brightness choices for the ultimate control.
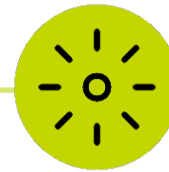

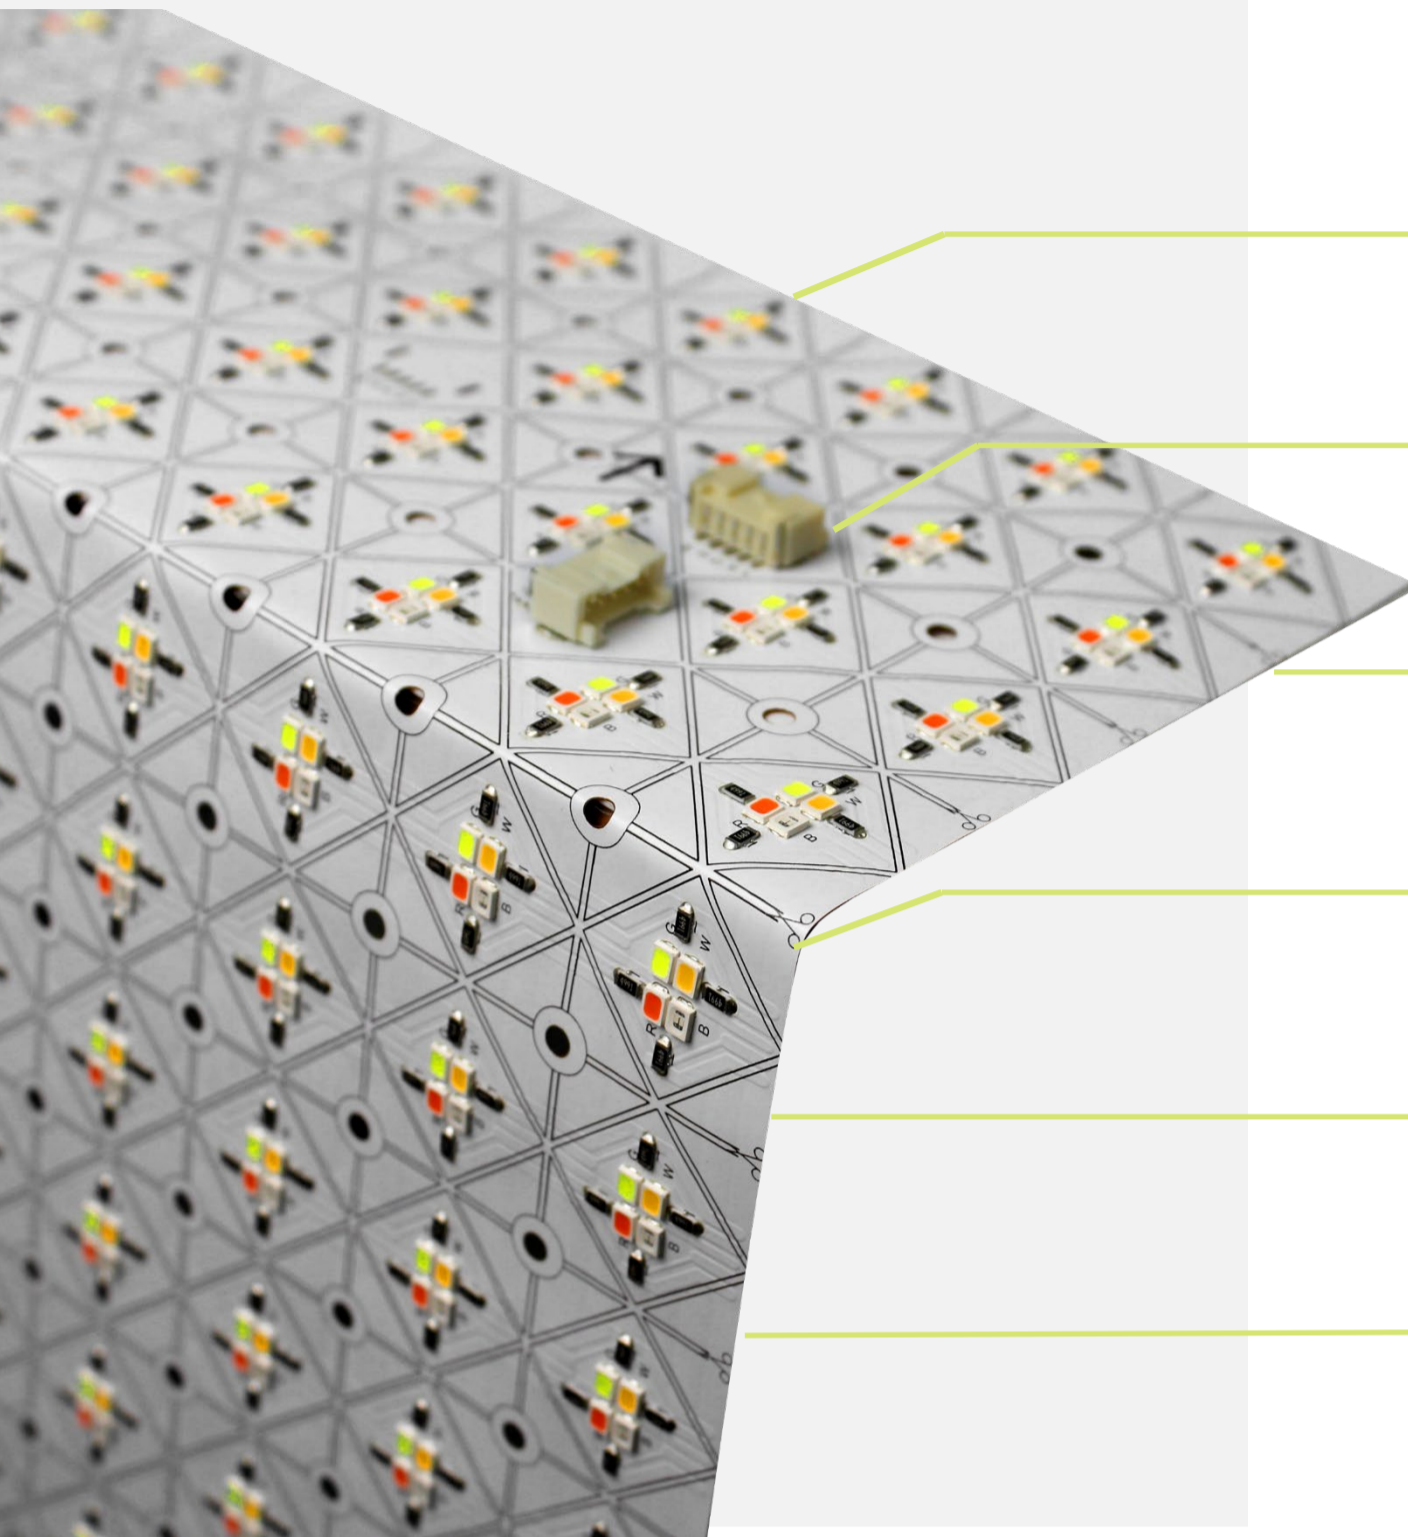

Versatile Applications

Designed to transform any space with vibrant, customizable illumination.

Our light sheet's thin and bendable design allows it to be folded to accommodate the curves and edges of your space.
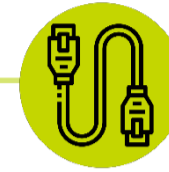

Ideal for architectural, retail, and commercial applications.

Light with Limitless Flexibility

Consistent Illumination
Even light output with low power consumption and superior LED clarity.

Connects
Sheets securely connect with a click. No soldering is required.
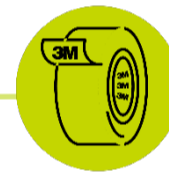

Cuttable
Can be cut to take on almost any shape.

Bendable
Bendable along the cutting area.

Any Size & Configuration
LightWave can be arranged to suit nearly any space

Easy Application
Our 3M adhesive backing allows simple installation. Keep it in place with our specially designed-support screw.

Size	Type	Color	LED Qty	Power	Efficiency	Light Output	CRI
12" x 24" 305 x 610mm	Single Color	3000K 5000K 6500K	648	20W	107 – 114 lm/W	2080 - 2600lm	Ra 80
12" x 24" 305 x 610mm	Tuneable CCT	2700K - 6500K	2 x 648	2 x 20W	107 – 114 lm/W	2700K: 2080lm 6500K: 2600lm	Ra 80
12" x 24" 305 x 610mm	RGBW	Red Green Blue 5000K	4 x 288	4 x 11W	114 lm/W	5000K: 1100lm	Ra 80
